

The 8th DREaM
International Students Summer Program
Yogyakarta, 9th – 23rd August 2016

Managing The Blue Planet:
Ocean and Coastal Zone Management
for Security, Prosperity and Peace

Program Overview

The DREaM 2016 is presented by Universitas Gadjah Mada to deal with the management of the Blue Planet. This year marks the 8th year of DREaM, being a prominent summer school managed by UGM. By participating in the DREaM 2016, students from all over the world are given opportunity to understand more about the ocean and its management. Not only ocean, per se, coastal areas will also be explored. Trans-disciplinary nature of the DREaM will enable the students to explore different aspects of the ocean and coastal areas such as economy, security, environment, etc. The learning process will include classroom lecture, field activities, internship, workshop and community service.
